

Hawai'i's Daughters Guild of California, Inc.

March 2019 Newsletter

The Hawai'i's Daughters Guild of California, Inc. is looking forward to our 2020 Golden Anniversary Holokū Ball

In 1970, a group of Hawaiian women in California decided to throw a welcome picnic for families moving from Hawai'i to the mainland. Little did they know, that day would mark the beginning of life long friendships and the formation of the Hawai'i's Daughters Guild of California, Inc. (HDG). However, HDG was not only formed to share Hawaiian culture, but to help young Polynesian women reach their educational goals by giving them collegiate scholarships. HDG has since awarded over \$350,000 in scholarships. We look forward to our upcoming Holokū Ball in March 2020 to celebrate the memories of our kūpuna who helped make this organization possible.

HDG gathers for the installation of their new executive board.
