

Need help applying to college or figuring out life after high school?

Hawai'i's Daughters Guild of California (HDG) is offering free college mentoring for high school, undergraduate, and gr.

We can help you with...

- Going through the college application process including reading essays and helping with FAFSA.
- Understanding the college experience (we have alumni from schools like UC Berkeley and UCLA).
- Figuring out alternative routes to success after high school (for those who do not want to attend college).

Email us at hdgofca@gmail.com to connect with a mentor!

HDG is a 501(3)(c) in Southern California committed to providing scholarships to Pacific Islander women and preserving and perpetuating Hawaiian culture.
